

# INDIAN COLLEGE OF VETERINARY PATHOLOGISTS

(Est. 2008: Under the aegis of 'Indian Society for Certification of Veterinary Pathologists', Reg. No. 1014, Societies Registration Act 1860)  
**HQ; Division of Pathology, Indian Veterinary Research Institute, Izatnagar 243 122, UP**

## **Award Session for the Best Case presentation based on complete PM Reports**

An open award Session, which is coordinated and conducted by all available Executive Council of ICVP, for young Vet Pathologist including MVSc/PhD Students (below 35 years of age and Life Member/Associate Member of IAVP) on case presentations (focused on description of gross and microscopic lesions and complete PM reports). There shall be two awards:

1. ICVP Case Presentation Award for the first best presentation  
(A certificate and Rs. 5000/- cash)
2. ICVP Case Presentation Award for the second best presentation  
(A certificate and Rs. 2,500/- cash)

Case presentations should focus on any of the following areas:

Farm Animal Pathology, Companion Animal Pathology, Avian Pathology, Pathology of Laboratory Animals, Pack Animal Pathology, Wild Animal Pathology, Toxicological Pathology

## **Guidelines for Case Presentation in the ICVP Award session at the Veterinary Pathology Congress - 2018**

1. The presentations shall be brief within the time allotted: 5 minutes followed by 2 minutes for discussion)
2. The cases should be complete with clinical details, gross findings, histopathology and confirmatory proceedings.
3. The primary emphasis should be on descriptive pathology (gross and histo) and secondary emphasis on confirmatory procedures that substantiate the claims made in gross- and histo-observations.
4. Discussion on the significance is certainly important but has less priority over gross-, histo- and confirmatory- procedures.

### **There shall be a maximum of SEVEN slides for the oral presentation:**

**Slide 1: Title slide:** The title should reflect the essential case concept and the identity of species. The affiliation of the authors may be stated.

**Slide 2: Introduction:** Brief case history with or without photograph(s) of the patient(s) and any significant details or illustrations related to the case.

**Slide 3: Gross lesion(s):** A detailed description of the lesion (must be illustrated with at least one photograph, composite pictures of several photographs are permissible) defining as many of the following features:

- Organ(s) involved
- Size, location, extent, texture of the lesion including comments on cut surface
- Nature of the fluids, if applicable

**Slide 4: Histomorphology by hematoxylin and eosin staining:**

- A list of significant lesions that lead to the diagnosis must be stated.
- Describe the lesions at least with respect to the tissue-location, type of cells involved with their organization, nature of stroma with their pattern, inclusion/foreign bodies and significant histomorphological findings.
- At least one photomicrograph should be provided with a definitive diagnosis. Multiple/composite photographs with low and high magnification is desirable. Magnification of each and every photograph must be available.

**Slide 5: Diagnosis on the basis of gross and microscopic lesions:**

- **Morphological diagnosis** (Organ, condition, distribution, severity) e.g. Pneumonia, granulomatous, multifocal, severe/marked
- **Etiologic diagnosis** (Organ & etiology) e.g. Mycobacterial pneumonia or pneumonic mycobacteriosis
- **Etiology** (full name of the etiology) e.g. *Mycobacterium bovis*;
- **Disease/condition**: Tuberculosis (pneumonic).

**Slide 6: Confirmatory laboratory investigations:**

- This slide is intended for photomicrograph(s) or illustrations (e.g.: graphs, charts) of special stains including immunohistochemistry, in situ hybridization, electron microscopy or other techniques (eg.: PCR data, chemistry) for substantiating the claim made in slide No. 5.
- A description of the important findings is essential

**Slide 7: Discussion on Novelty or Significance of the case:**

- Give the discussion points in bullet form
- Differential diagnosis or contemporary significance substantiated by documented literature (references) and photographs

**Important Instructions for abstract submission (THE DEADLINE FOR ABSTRACT SUBMISSION IS 21<sup>st</sup> September, 2018):**

1. Clinical case should be original and has to be prepared under the guidance of Certified Pathologists (ICVP/ECVP/ACVP or equivalent) strictly following the pattern as described above.
2. An undertaking has to be submitted by the corresponding author regarding the originality of the case.
3. The presentation author must be the first author and Certified Pathologist should be the corresponding author. In case of non-availability of certified pathologist, Head of the Department/Institute must be the corresponding author.
4. Presenting author can participate in multiple case reports as co-authors but only the first author will be considered for the award.
5. For submission of abstract under ICVP Technical Session: Please visit the below link and follow the instructions: <https://goo.gl/forms/HwH30BPpBjfiRcji1>

Last date for submission of abstracts: 21st September, 2018

6. Abstract submitted shall be reviewed by a committee, as constituted by the President, ICVP, for shortlisting the case reports for the award session.
7. ICVP reserve the rights to use the presented material for ICVP Board Certification Examination.
