Subject: ICVP Board Certification Examination-2024- Inviting application from senior pathologists... Reg.

Dear Fellow Pathologists,

I am happy to inform that the Indian College of Veterinary Pathologists (ICVP) founded in 2008 has announced its annual board certification examination for the year 2024 (for details visit www.icvp.in and attached Announcement) to be held at **September 14-15, 2024, at Department of Veterinary Pathology, College of Veterinary Science, Guru Angad Dev Veterinary & Animal Sciences University, Ludhiana -141004 Punjab (India).**

The College has 22 Charter Members as founders besides admitting 72 certified pathologists by membership until 2023.

Beginning 2021, candidates having undergone mandatory ICVP training for 3 years (As Standard route) or one year (As alternate route) under the supervision of ICVP Diplomate, would be eligible to take ICVP Board Certification Examination.

Since 2019, ICVP has enrolled over 82 young Trainee pathologists preparing towards its Board certification examination under the supervision of ICVP Diplomates/ Founders until the end of 2023.

On the popular demand for induction of senior pathologists to encourage fair number of mentors available all over India, ICVP in its annual General body meeting held in December 2023 decided to invite applications from pathologist not below the rank of professor or equivalent having a minimum of 20 years of experience while practicing veterinary Pathology, without insisting for mandatory training requirement, as a special chance for the year 2024.

Therefore, application from senior pathologists (Professor or equivalent with a minimum of 20 years of working experience) and life member of IAVP who are willing to take ICVP certification examination are invited, without insisting for any training requirement. The application must reach Secretary, ICVP by e-mail at: secretaryicvp@gmail.com on or before 30th April, 2024.

The ICVP examination application form may kindly be downloaded from ICVP website (www.icvp.in).
